NOTES - This list can be used to record your orchid sightings each month

The list combines species of the Hazel Easter Rich Orchid Guide (HEROG) [Dean Rouse 2007] and subsequent discoveries

BICA Website has more info:- here

13a = Discovery subsequent to HEROG for ELZ

Recent Record = Seen and photographed since 2006

Status - FFGA, Oct 2021 List	
CE - Critically Endangered	
E - Endangered	**V** - Vulnerable

* In 2014 D Rouse advised that *C. vulgaris* could probably be spilt into 'Colourful form' on the Co-op and 'Pale form' at Lower Catani B.
